ABOUT OUR MISSION

It is our vision that **NUR ADARSHA SENIOR SECONDARY** is a school in which:

- ✓ Achievement is outstanding, particularly in the key areas of literacy, numeracy and computing.
- ✓ Pupils are motivated and provided with stimulating and challenging tasks that capture their interests and they gain pleasure from their achievements.
- ✓ Pupils develop a variety of life-skills across all curriculum areas and value the talents of others.
- ✓ Independence, self confidence and a responsible attitude towards others is encouraged.
- ✓ Pupils develop a concern for the environment and an enhanced understanding of the world in which they live.
- ✓ Pupils gain an insight into other cultures.
- ✓ We promote a positive attitude to healthy eating and lifestyles to ensure that children are aware of what they can do to benefit their health now and in the future.
- ✓ We encourage parents to get involved in their child's learning and share in the activities of our school.

We will promote high achievement and foster a love of lifelong learning by working with pupils so that they:

- ✓ Develop their self esteem and develop confidence in their own feelings and emotions.
- ✓ Develop a sense of independence by showing them how to manage their own learning and guiding them in the judgements that need to be made.
- ✓ Achieve their full potential, both academically and socially.
- ✓ Develop an understanding and respect for their community, the environment and the wider world.
- ✓ Develop the resilience to adapt and benefit from the broadening opportunities and challenges offered by the changing society.
- ✓ Are equipped with the necessary skills to leave NUR ADARSHA as confident, responsible and independent people ready to make a useful contribution to society.

EARLY YEARS FOUNDATION STAGE

In the nursery class, we follow four guiding principles in our teaching-learning process.

1 UNIQUE CHILD

Every child is a unique child, who is constantly learning and can be resilient, capable, confident and self-assured.

2 POSITIVE RELATIONSHIPS

Children learn to be strong and independent through positive and encouraging relationships.

3 ENABLING ENVIRONMENT

Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between teachers and parents.

4 DEVELOP AND LEARN IN DIFFERENT WAYS

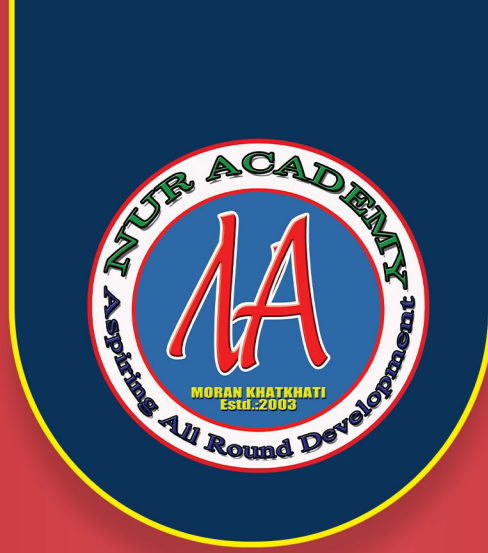

Children develop and learn in different ways and at different rates.

PRIME AREAS OF LEARNING:

Communication and Language

Physical Development

Personal, Social and Emotional Development

SCHOOL CURRICULUM OVERVIEW

At **NUR ADARSHA SISHU NIKETAN & Nur Academy** our aim is to ensure that every child learns through access to a broad and balanced curriculum which is adapted to challenge and support individual children.

As per **NEW EDUCATION POLICY**, we strive to create a stimulating learning environment which will engage all children and make them want to learn. This means that they will develop a love of learning and a natural curiosity which will stay with them throughout their life.

We monitor children's progress and development carefully so that new skills and ideas can be introduced as soon as a child is ready to progress to the next stage of learning.

We believe that children learn most effectively from first hand experiences and we provide these through practical lessons and by offering a wide range of off-site learning enrichment opportunities.

Our curriculum provides opportunities for all pupils to learn and achieve and it promotes the pupils' spiritual, moral, social and cultural development. We know that the mental health and well-being of our children is critical to success in school and life. So education about mental health and well-being is an integral part of the school curriculum. We also ensure that we prepare pupils for the opportunities, responsibilities and experiences of life in modern INDIA.

Our planning for teaching and learning incorporates the Early Years Foundation Stage (PLAY & NURSERY) and the National Curriculum (Class I to XII).

SUBJECT OVERVIEWS

Computing

We teach and build opportunities for the use of computing in all subject areas by using interactive whiteboards, laptops and tablets.

The computing suite enables a class to work independently on a variety of packages such as Microsoft Office, educational programs, web and cloud based resources. Computational thinking is taught to all year groups. By the end of 10th grade children will have learnt to create animations, manipulate sound, code, blog, email, use Word, Powerpoint, spreadsheet skills and more.

DT (Design Technology)

As per the new education policy, NUR ADARSHA SENIOR SECONDARY SCHOOL has introduced design technology. linked to Science, History or Geography topics. DT (Design Technology) topics include food, materials, textiles and construction. Some examples of topics linked to History and Geography learning include – plant collages (Year 1), printing using leaves and flowers (Year 2), weaving a Celtic cloth (Year 3), constructing a river basin (Year 4), making and sampling Greek food (Year 5) and creating an Aztec mosaic (Year 6).

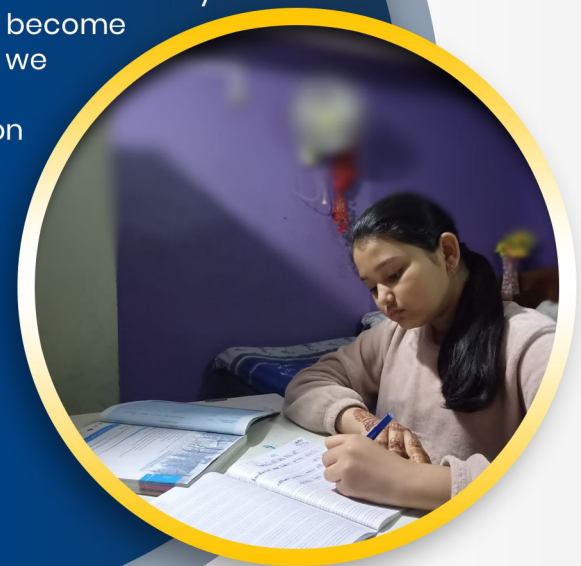

Music

From primary to high school, stage music is taught by an expert music teacher twice a week, from classical to modern songs.

Homework

We consider home learning as an opportunity to consolidate their learning from school. From 5th to 10th grade we encourage children to try their homework on their own to become independent learners. Because we understand the importance of preparing them for the transition to secondary school.

PE (Physical Education)

PE is taught for two hours a week and over the year the children take part in all kinds of sports activities. Extra-curricular sports opportunities are an important extension of our PE curriculum; the children, in primary to secondary level, have the opportunity to compete with other schools in hockey, athletics, handball, taekwondo, and scout guide training at district, state and national level.

SCHOOL TIMINGS

NURSERY: 8.40am–11.45am

JUNIORS: 8.40am–1.30pm

SENIORS: 8.40am–2.45pm

It is extremely important that children attend school regularly and arrive on time.

Safety Rules We Follow

Children should be brought to school and collected by a guardian. We will not be able to let your child go with anyone else, unless we have had a message from you. Please make sure that we know how to contact you by telephone.

We ask you to avoid parking in the school corridor because of the danger to children walking and playing inside the school. There is a special parking place for bicycles and scooters in front of school. Your co-operation ensures the safety of the children and also the good relationship between the school and our neighbours. The main school gate is closed to all between 8:45am and 2:45pm and no one else is allowed inside during school hours unless there is an emergency. However, our office remains open throughout the day for parents and guests.

SCHOOL UNIFORM

We keep readymade uniforms for all different sizes available at our office counter. Besides school general uniforms, students from class I TO XII , need to buy uniform for **TAEKWONDO CLASS, SCOUT & GUIDE, TRACK PANT AND T-SHIRT FOR OTHER SPORTS EVENTS.**

PARENT TEACHER ASSOCIATION (PTA)

The PTA is a coordination committee run by teachers with the help of parents in the school. It organises a range of social events for the school community. The success of the PTA depends entirely on the support of all parents and staff. We greatly appreciate any assistance. This can be anything from a little time helping out, to coming along to support the functions with family and friends.

**FOR ANY COMPLAINTS DROP A MESSAGE ON
WHATSAPP NUMBER:**

Complaints Procedures

If you are unhappy with any aspect of the school please contact either OUR GRIEVANCE COMMITTEE (Mrs. Monuara Begum, Afta Begum, Sabina Begum) or the class teacher who will be happy to talk to you and hopefully resolve the problem.

We find that nearly all concerns or potential complaints can be resolved happily through discussion. In the unlikely event that after discussing the problem in school you are still concerned, please write a message to the Principal through our whatsapp no. 9101241891.

School Summary

At NUR ADARSHA SENIOR SECONDARY SCHOOL we feel that we have achieved a 'family' atmosphere where even the shyest child feels at home. Children are encouraged to take on responsibilities from an early age and this leads to self-confidence and a responsible attitude to others and to the environment.

We are committed to providing the best possible education for your child. We have an established reputation for providing high standards and expectations within a well ordered and caring environment.

Every child matters to us and our aim is to encourage pupils to achieve their best and to lay the foundations on which their future learning is built. Starting from nursery our school is an exciting and important pastime for every young child and their parents and we want it to be a happy and successful experience. With your help and support we will work together to provide the best possible start to your child's education a joyful one.
